

2024 Estimated Capital Gain Distributions

November 29, 2024

The amounts shown below are estimates of potential capital gain distributions for the Baillie Gifford Canadian Pooled Funds. The estimates are based on information as of October 31, 2024 and are subject to change prior to each Fund's actual distribution.

It is possible that significant adjustments could be made to these estimates prior to the Ex-Dividend Date as shown in the table below.

The estimates do not include ordinary income distributions a Fund may be making. Several Funds will also be making ordinary income

distributions, but we are not providing estimates of those at this time.

If you are a shareholder in any of the Funds listed below as of the Record Date, we expect you will receive a distribution. Actual distributions will be confirmed to shareholders and financial professionals in January 2025.

Each Fund's Capital Gains rates per share are the same for each series within that Fund.
